VOL. VII. NO. 176.

SANTA ANA, CALIFORNIA, MONDAY EVENING, JULY 8, 1912.

50 CENTS PER MONTH

WORLD MARK PASSED BY YANKEES

Three Americans Lead 800
Meter Race Under World's
Record For Such Event

PENNSYLVANIA SCHOOL BOY FIRST OF U. S. TRIO

Olympic Laurels Won Thick
and Fast; Horine Falls to
Land High Jump

STOCKHOLM, July 8.—Three Americans finished under the world's record in the 800 meters run. Meredith, a Pennsylvania school boy won the event. Sheppard of New York was second, with Davenport of Chicago, third. Time, 1 minute, 51 9-10 seconds.

In the 400 meter relay heat between America and England, America was disqualified on a foul.

Germany defeated Australia and Hungary defeated France.

Sweden Wins 10,000 Meter Run

The ten thousand meters run was won by Holmstrom of Finland, with Tewanima of America, second, and Stenroose of Finland, third. Time, 31 minutes and 20 seconds.

Horine Third in Jump

The high jump was won by Richards of Provo, Utah. Lisch of Germany was second, with Horine of California, third. The height was 6 feet, 3 1/2 inches.

Other Honors Fall to U. S.

STOCKHOLM, July 8.—America broke a tie with Sweden in all Olympic events to date when Platt Adams of New York and his brother, Benjamin, won second and third in the standing broad jump. Tactikis of Greece, won first in ten feet and eleven inches, which is the world's record.

The Greek won over the American standing jumpers by a narrow margin, both of the Adams brothers leaping far beyond the best previous marks.

In the first heat of the ten thousand meter walk, Goulding of Canada won, with Webb of England, second; Rasmussen of Denmark, third; Altman of Italy, fourth; Palmer of England, fifth. Time, 47 minutes, 14 1/2 seconds.

The committee has ordered the semi-finals in the hundred meters swim postponed, because the Americans were not notified yesterday when the event was called.

FAIRBANKS CENTER OF FIERCE QUAKES FOR 40 SECONDS

FAIRBANKS, Alaska, July 8.—The most violent earthquake ever known here took place at 10 o'clock Saturday night, the earth rocking continuously for forty seconds. Less violent shocks occurred throughout the night. Violent disturbances lasting from 12:01 to 2:06 o'clock yesterday were recorded on the seismograph at the University of Washington. The heaviest shock was from 12:06 to 12:15, with the most intense vibration of this shock between 12:06 and 12:15, at which time the needle ran clear off the paper.

Fine volcanic ash is still falling over the region within several hundred miles of Mount Katmai, Alaska, which awoke from slumber one month ago yesterday.

As only a few hundred people live permanently in the sphere of influence of Katmai and her sister volcanoes, Redoubt, Iliamna and St. Augustine, the financial damage caused by the shower of ashes from their chimneys was not large.

STORES AND MILLS CLOSED IN RESPECT TO WRECK VICTIMS

LIGONIER, Pa., July 8.—Every store and mill in Ligonier was closed from 10 to 4 o'clock today, the town paying this tribute to the twenty-six victims of last Friday's wreck. An Interstate Commission inspector has begun an official investigation of the affair.

RICHARD HARDING DAVIS
WEDS ELIZABETH MCCOY

GREENWICH, Conn., July 8.—Richard Harding Davis was married today to Elizabeth ("Bessie") McCoy, the actress, by Justice of Peace Rung. Ethel Barrymore Golt was the matron of honor. Gouverneur Morris was the groomsmen. Davis' wife, recently divorced him on the grounds of desertion.

MYSTERY AS TO DEATH OF MAN IN EARLY FIRE

LOS ANGELES, July 8.—The police are investigating the mysteries of an explosion and fire at 2:30 o'clock this morning destroying the home of V. Pailis, burning to death an unidentified man. Pailis and his family last night attended a wedding. All but Pailis remained at the house of the wedding for the night. It is not known whether Pailis went home or to Venice with some of the other wedding guests. His wife was unable to identify the burned body. The neighbors near the Pailis house saw a man running from the place following the explosion. Pailis is a wealthy man.

night. Light west winds.

California Girl Betrothed to Count Lowenhaupt

LONDON, July 8.—The betrothal is announced of Miss Azalea Keyes of San Francisco to Count Lowenhaupt of Fribourg, a grandson of Sir Andrey Gosling, K. C. M. G. The marriage will occur within a few weeks.

Would Honor Memory Of the Late Sir W. S. Gilbert

LONDON, July 8.—Sir Squier Bancroft, Sir Arthur Pinero, Sir Herbert Tree, Sir George Alexander and a dozen other leading managers and playwrights, in a letter to the Morning Post appeal for subscriptions to erect a suitable memorial in London to the late Sir W. S. Gilbert.

18-Year-Old Lad Drowns When Parachute Fell

CLEVELAND, Ohio, July 8.—Robert Thibodeau, 18 years old, was drowned yesterday when his parachute, cut adrift 1000 feet in the air, descended into Fairmont Reservoir.

N. Y. Stock Exchange Raises Employees' Wages—First in 30 Years

NEW YORK, July 8.—The New York Stock Exchange for the first time in thirty years will on July 15 give a general increase in wages to its employees to meet the increased cost of living.

Railroads Claim 50 Per Cent Business Increase in 1912

SAN BERNARDINO, July 8.—The Santa Fe, Salt Lake and Southern Pacific railroad officials report a 50 per cent increase in passenger and freight business this year as compared with the same period of last year.

English Heiress Will Become a Nun

LONDON, July 8.—The Earl of Ashburnham announced that his only child, Lady Katherine, who was presented at court two years ago and is one of the finest horsewomen in England, had entered the Sacred Heart Convent at Roshampton to become a nun. She is heiress to great estates in Northampton, Sussex and Wales.

60 Die in Fire At Lipetsk, Russia

ST. PETERSBURG, July 8.—Sixty were burned to death in a fire destroying a sugar factory at Lipetsk.

Rockefeller Reaches Seventy-third Milestone of Life

CLEVELAND, July 8.—John D. Rockefeller is 73 years old today. His health is better than for many years. He arose at 7:30 o'clock, breakfasted on a huge dish of strawberries and cream, buttered toast and a glass of milk. He rode a bicycle to the golf links, where he played several rounds.

CAMORRA JURY SAYS "GUILTY"

Verdict Brought Against All
Accused—8 Said Guilty of
Actual Murder

ROME, July 8.—A telephone message to Lupa Stampa from Viterbo told the Camorra jury found a verdict of guilty against the accused. Eight were found guilty of actual participation in the murder of Genaro Puoccolo and wife.

JURY WAS NOT EXPECTED TO GIVE VERDICT TODAY

VITERBO, Italy, July 8.—The jury in the Camorra trial retired at 10 o'clock this morning. It is expected to report tonight.

Do your feet hurt? Dr. Mitchell, Chiropractor, will stop it. Easy House.

IMPEACHMENT OF ARCHBALD IS DEMANDED

Judiciary Committee Calls on
Congress to Unseat Com-
merce Court Judge

DECLARES THAT HE HAS PROSTITUTED HIS OFFICE

Evidence Shows That He Re-
ceived Share of Profits in
Various Deals

WASHINGTON, July 8.—A formal demand that Judge Archbald of the Commerce Court be impeached for "misbehavior, high crimes and misdemeanors," was made in the House today by the Judiciary committee which declared that Archbald's "sense of moral responsibility had become deadened, and that he had prostituted his high office for personal profits."

Thirteen articles of impeachment were presented in the resolution offered. The committee's report, filed supplementary to these demands, bristled with denunciation of Judge Archbald.

After reviewing the alleged connection of Judge Archbald with the coal deposit transactions in Pennsylvania, the report says:

"The testimony further shows that in order to influence the officers of the coal companies which are subsidiary to the railroads, Judge Archbald repeatedly sought the influence of railroad officials to enter into contracts with his associates for the benefit of himself and associates. The testimony fails to disclose any case where Judge Archbald invested his own money in these deals but shows that he used his personal influence as a judge in consideration of which he received his share in property of the profits of the deals."

The report summed up the case, saying that Archbald "grossly abused the proprieties of his position as judge." It concludes: "The conduct of this judge is exceedingly reprehensible, and in marked contrast with the high sense of judicial ethics and propriety, generally characterizing the federal judiciary. He has violated the conditions upon which he holds his commission and should be removed by impeachment."

ELKS ASSEMBLE IN PORTLAND, ORE.

Southern Californians Had an
Exciting Time in Reaching
Convention City

PORTLAND, Ore., July 8.—Thousands are attending the forty-sixth grand lodge reunion of the Elks, which opened here today and will close Saturday. A formal session of the grand lodge will be held tonight. Election of Officers will come off tomorrow. Rochester and Cincinnati are the candidates for the next convention.

CALIFORNIANS HAD EXCITING JOURNEY

PORTLAND, Ore., July 8.—Coming down the precipitous Siskiyou mountain grade toward the Oregon border at 8 o'clock Saturday night, the coupling on the third car of the Los Angeles Elks' Poppy Pickers' special train was broken by a too sudden application of the air brake, leaving only the chains holding the second and third cars together. In this predicament the long Los Angeles special traveled down the rails into Ashland, Oregon, where three and one-half hours were consumed early yesterday morning in repairs.

Fortunately there were two locomotives in front holding back and two behind pulling back on the Siskiyou grade. Consequently no coupling was needed as long as the run was down hill. But had the break happened under other circumstances disaster to the special train would have resulted. Saturday, near Sacramento, the Los Angeles train struck a handcar carrying one man. He jumped and escaped, but the handcar was demolished. Late arrival at Ashland and the three and one-half hours' delay there threw the Poppy Pickers' badly off the schedule that they missed some entertainment through Oregon. At Medford 100 autos had been secured to take the Southern Californians around town. Elks on an earlier special got this ride intended for the Southland's delegates to the national convention at Portland.

At Eugene and Albany the crack Los Angeles team drilled in the streets before appreciative crowds. At Oregon City a large delegation met the train. Portland was reached at 6:30 last night, seven hours late.

ALL THE CITIES OF COUNTY GO AHEAD

Footings For Municipalities
Show Fullerton With the
Greatest Increase

1175 AUTOMOBILES IN THIS COUNTY

New Town of Stanton Has Its
First Assessment, Total
Being \$607,875

By the growth of cities and the readjustment of assessments, the total assessed valuation of the incorporated cities of Orange County was increased this year by County Assessor Sleeper by about \$2,500,000. Every incorporated city in the county, excepting Stanton, which was not incorporated in time for assessment a year ago, has been raised, but the biggest raise in the cities is in Fullerton, where the oil development was largely responsible for a raise of nearly \$1,000,000.

The footings for the 1912 assessments of the incorporated cities have just been completed by Assessor Sleeper and Chief Deputy Kelly, and are as follows:

Anaheim—Real estate, \$648,810; improvements, \$495,245; personal property, \$303,560; money and solvent credits, \$53,840; total, \$1,501,455. Total for 1911 was \$1,299,054.

Fullerton—Real estate, \$1,891,760; improvements, \$407,570; personal property, \$339,895; money and solvent credits, \$64,500; total, \$2,685,725. The total for 1911 was \$1,765,950.

Huntington Beach—Real estate, \$671,310; improvements, \$167,185; personal property, \$330,895; money and solvent credits, \$360; total, \$1,169,650. The total for 1911 was \$997,925.

Newport Beach—Real estate, \$546,360; improvements, \$165,600; personal property, \$191,344; money and solvent credits, \$430; total, \$907,755. The total for 1911 was \$828,515.

Orange—Real estate, \$717,115; improvements, \$577,670; personal property, \$344,975; money and solvent credits, \$78,108; total, \$1,717,775. The total for 1911 was \$1,472,725.

Santa Ana—Real estate, \$3,118,385; improvements, \$1,936,015; personal property, \$1,217,805; money and solvent credits, \$54,950; total, \$6,327,150. The total for 1911 was \$6,006,110.

Stanton—Real estate, \$507,900; improvements, \$51,715; personal property, \$48,260; total \$607,875.

The footings of the county show that the total assessment this year is \$41,343,025, of which the operative property is \$2,835,265, leaving \$38,507,760 as the total upon which the county tax rate will be based.

The assessment rolls show 8320 cattle assessed at \$124,800; 1265 hogs at \$3795; 2460 mules at \$123,000; 7630 horses at \$43,950; 8000 sheep at \$16,000; 15,270 poultry at \$28,180; 4,580,000 feet of lumber at \$54,600; machinery, \$475,000; oil tanks, \$135,400; oil pumping derricks, \$53,650; 1175 automobiles at \$470,000.

Exemptions under the old soldier's act total \$139,210.

REBELS RIOT AND THREATEN MUTINY

Residents Flee Fearing General
Rioting—Huerta Brings Or-
der to Chihuahua

EL PASO, July 8.—Following a riotous night spent by the rebels in breaking into saloons, a thousand rebels are without either arms or ammunition today. Discontent over their failure to receive any pay has threatened open mutiny among the rebels. The loyal troops have cornered the malcontents, and the men have been sent from the city as rapidly as possible, but many refuse to leave until they are paid.

Hundreds of the rebels have deserted and have crossed the border. A general exodus from Juarez is taking place, the residents fearing general rioting.

A thousand additional rebels have arrived here from Juarez. They have been drinking heavily and rioting and looting are feared.

General Huerta, with the federals at Chihuahua, has dispatched a body of skirmishers to intercept Orozco's personal command at Casas Grandes before he can reorganize. General Huerta is trying to restore normal conditions in Chihuahua city.

PROGRESSIVE PARTY HEARS CLARION CALL Ringing Declaration of Independence Rings Through Nation—Convention To Be Held In Chicago, Aug. 5

NEW YORK, July 8.—The Progressive party's national convention will be held in Chicago August 5, either in the Coliseum or Orchestra hall. The call, signed by Roosevelt leaders of forty states and addressed "to the people of the United States, without regard to past political differences," yesterday was issued through Senator Joseph M. Dixon, campaign manager, in the new national headquarters of the party at Hotel Manhattan.

Eight states—Maine, North Carolina, Delaware, South Carolina, Arkansas, Mississippi, Idaho and Nevada—are not represented on the provisional committee which signed the call. Senator Dixon explained that in all these states Colonel Roosevelt controls or can control the regular Republican organization, hence the omission.

The call follows:

To the people of the United States, without regard to past political differences, realize that today the power of the crooked political bosses and of the privileged classes behind them is so strong in the two old party organizations that no helpful movement in the real interests of our country can come out of either:

Who believe that the time has come for a national progressive movement—a nation-wide movement on non-sectional lines, so that the people may be served in sincerity and truth by an organization unfettered by obligation to conflicting interests:

Who believe in the right and capacity of the people to rule themselves, and effectively to control all agencies of their government and who hold that only through social and industrial justice, thus secured, can honest property find permanent Government Controlled By the Few protection:

Who believe that government of the few tends to become, and has in fact become, government by the sword influences that control the few; the movement contemplated can we obtain in the nation and the several states the legislation demanded by the modern industrial evolution, legislation which shall favor honest business and yet control the great agencies of modern business so as to insure their being used, in the interest of the whole people; legislation which shall promote prosperity and at the same time secure the better and more equitable diffusion of prosperity; legislation which shall protect the economic well-being of the honest farmer, wage worker, professional man and business man alike, but which shall at the same time strike in efficient fashion—and not merely pretend to strike—at the roots of privilege in the world of industry, no less than in the world of politics.

"Thou Shalt Not Steal." Applies in Politics.

Who believe that only this type of wise industrial evolution will avert industrial revolution.

Who believe that wholesome party management can come only if there is wholesome party management in a spirit of service to the whole country and who hold that the commandment delivered at Sinai, "Thou shalt not steal," applies to politics as well as to business;

To all in accord with these views a call is hereby issued by the provisional committee under the result of the mass meeting held in Chicago June 22, last, to send from each state a number of delegates whose votes in the convention shall count as many votes as the state shall have.

LOS ANGELES, July 8.—When the new federal court term opened today it was announced that all grand jury summonses issued are unreturnable until September 3rd. This it is believed is an indication that the Industrial Workers of the World probe will be dropped at least temporarily.

HERE'S SOMETHING TO STIR MEMORY OF SOME SANTA ANANS

With the superior court but a month ago issuing an order dissolving the Pacific Coast Soda Co. that once upon a time within the memory of several Santa Anans had a throat-hold on all the soda deposits of the West, there is organized a new soda company.

So far as known the new company, which goes by the name of Capital Chemical Corporation, has sold no stock in Santa Ana, but that does not mean that none will be sold here.

The new company has no connection with the old company, for be it remembered that the Pacific Coast Soda Co. is now no more. Its corpse is laid beneath the white sod of Soda Lake and in the ashes of regret, though its ghost at times arises and walks in unpleasant memory. It is a \$100,000 ghost, and it has a right to rise up and walk.

The prospectus of the new company has been issued, and stock has been offered for sale.

Any stockholder looking over the prospectus would and much that is strangely familiar.

For instance, there is a photograph of Soda Lake. It looks just like the Soda Lake that the Santa Ana company once thought it owned forever. It contains a statement of how many tons of soda ash, caustic soda and

such like chemicals can be produced per year, and indicates the profit that there must be in the business.

Then comes this statement: "The company has acquired a tract of ten acres of land near Newport Beach, Cal., where the factory and refining plant is to be built. This factory site is located within one mile of producing oil wells, and fuel oil can be delivered at 50 cents per barrel, or at an equivalent cost of \$1.50 per ton for coal. An abundant supply of water is piped onto the ground. Within two miles the railroad shipping wharves are located, where vessels of 40 feet draft land and receive freight."

Then again it appears that the new company is capitalized for \$1,000,000. Of the million shares 375,000 shares have been issued in payment for the soda lands.

The prospectus says that "extensive experimental work has been done on these soda deposits by several chemical engineers." The report of the experiments of the Pacific Coast Soda Co. is not included in the prospectus.

Reports are there, however, from two chemists whose names will prove familiar to some of the Santa Anans who followed the fortunes and misfortunes of the Pacific Coast Soda Co.

TAFT BOSSES TALK OVER CHANCES

Met in Washington Today to
Lay Wires For the Coming
White House Race

LOCKED DOORS AND BACK STAIRS WERE FEATURES

No Campaign Manager Chosen
—Sub-managers Will Have
to do Yeoman Work

WASHINGTON, July 8.—The sub-committee of the national Republican committee met today to deliberate on the choice of Taft's campaign manager. President Taft arrived at 11 o'clock and conferred with the committee until noon. Throughout the day the executive offices were thronged with Taft workers. John Hayes Hammond and Secretaries Nagel and MacVeach attended the conference.

The leaders made their headquarters at the Willard Hotel, which resembled a convention floor. Among the conferees were William Barnes, former Speaker Cannon, Stevenson, Crane, Hemenway, Keating of Indiana and Secretary Hayward of the Republican committee. Members of the subcommittee are Perkins of Washington, Clayton of Arkansas, West of Illinois, Adams of Iowa, Warren of Michigan, Neffinghaus of Missouri, Estabrook of New Hampshire, Sanders of Tennessee, Martin of Virginia. They conferred first behind locked doors, getting into communication with Taft shortly before noon, then adjourned to the White House, where they took luncheon.

It is believed they decided not to choose a manager until they had consulted Taft further. Clayton of Arkansas was made chairman, and Martin secretary of the sub-committee.

Barnes hurried to the White House immediately after the sub-committee meeting and was ushered into the library through the back door. He conferred with Taft and Hill until the committeemen arrived for luncheon at 1:30. It was decided to name an advisory committee of five members to co-operate with the national committee conducting the campaign. Representatives will be chosen from New York, New England, the Middle West, Chicago and either Atlanta or Washington state. These will be sub-managers, and their duty will be to put through the ticket in their respective localities. Although none has yet been chosen, it is understood the most likely candidates are Barnes for New York, Crane for New England, Keating of Indiana for the Middle West, Perkins of Washington for the Pacific coast, Sanders of Tennessee for the South. Barnes emerged from the Taft conference grinning.

"Who will be the national chairman?" he was asked.

"Well," he replied, "I don't know. You'll have to look them over as they come out of the paddock," waving his hand toward the White House.

PROHIBITIONIST NATIONAL MEET

1000 Delegates Will Assemble
at Atlantic City on Next
Wednesday

ATLANTIC CITY, N. J., July 8.—The National Prohibition convention with nearly 1000 delegates in attendance, will open in this city next Wednesday morning to nominate candidates for president and vice president and map out plans for the fall campaign.

In addition to the liquor question, the convention expects to wrestle with the problem of woman suffrage and some form of initiative, referendum and recall.

DELAYED STEAMER GETS UNDER WAY FOR PANAMA

SANTA BARBARA, July 8.—The steamer City of Panama, reported adrift last night, was located today by wireless off Point Sur, preceding under her own steam. A breaking beam caused the trouble. The steamer is continuing her trip from San Francisco to Panama, having had but little delay.

The steamer Rose City, rushing to her aid from San Pedro, met the City of Panama at 8:30 o'clock this morning.

BEEKEEPERS HELD MEETING

Three of the Leading Beemen of the State Addressed the Gathering Saturday

The Beekeepers' Club of Orange County held its quarterly meeting in Judge West's room in the court house Saturday afternoon, with an attendance of about a dozen members and five members of the State Beekeepers' organization, who came down from Los Angeles for the meeting.

A. B. Shaffner, secretary of the State Beekeepers' organization, gave a talk on "The Importance of Organization and Combination in a Business Way."

Prof. Ralph Benton, of the Los Angeles Normal and formerly connected with the bee division of the agricultural department of the University of California spoke on "The Diseases of Bees."

George Emerson, of the State Beekeepers' organization, addressed the meeting on "The Importance of Monthly Reports of Beekeepers to the Club." The next meeting will be held the first Saturday in October.

Pay your Home Telephone bill at the office of the Telephone Company before the 10th and secure a discount of 25 cents. Only two days more.

TAX AGENT OF S. P. IS DEAD

Walter F. Parker, For Years Dominant Figure in Politics Passed Away Yesterday

Walter F. Parker died in Los Angeles last night. For years he was one of the foremost political agents of the Southern Pacific, and was known from one end of the state to the other.

About a quarter of a century ago he was part owner of the Santa Ana Blade. The Los Angeles Times reports his death as follows:

Walter Parker, Southern Pacific tax agent and for many years a political leader in Southern California, died at the California Hospital at 10:40 o'clock last night of Bright's disease after a long illness. He was 48 years old.

For several weeks he had been dangerously ill and his life had many times been despaired of but he rallied again and again when it appeared he could not live through the night, such was his stamina and determination to live.

Parker for fifteen years was one of the interesting political figures of Southern California and drew about him support which made him a power in the ranks of the Republican party.

Three years ago Parker suffered a serious attack of heart trouble and was forced to give up business for several months. He went back to his old home in Georgetown, O., where he remained until he recovered. Upon his return to the city he announced his retirement from politics. Since then he had devoted himself to his duties as tax agent.

Recently his failing health compelled him to give up business. Dr. C. W. Cook, his physician, states that Parker suffered from chronic Bright's disease, which seriously affected his heart.

Parker was born in Georgetown, O., June 6, 1864. He was educated in the public schools of Georgetown, came to Los Angeles in 1877, bought the Santa Ana Blade a short time after, and published that paper for several years. About seventeen years ago he entered the Southern Pacific railroad service as tax agent, which position he occupied at the time of his death. He was married in 1899 to Miss Harriet Stephen of Georgetown. There are two sons, John and Frank, who live with the widow at No. 730 South Alvarado street.

A HARBOR EDUCATION

—The F. P. Newport Company of Los Angeles offers to every resident of this district an opportunity to visit Los Angeles Harbor and to become fully informed about the harbor and the immense amount of development that is taking place. This company has been the means of educating over 3000 people on harbor conditions in the past six weeks. Many excursions have been run from Los Angeles, Whittier, Pasadena and Long Beach and the opportunity is now open for the citizens of Santa Ana, Orange and surrounding territory.

A special excursion will be run by this company over the Pacific Electric from Santa Ana on July 11th at 9:30 a. m.

Wilmington and the inner harbor will first be visited, the great fill at Wilmington where 24 city blocks have been filled from 7 to 8 feet by the dredging from the harbor will be passed over. The special boats of the F. P. Newport Company will be boarded at San Pedro and the excursionists will be taken down through the passage to the outer harbor past the large ocean liners, loading passengers and freight, by historic Dead Man's Island, the Huntington Fill, Miner Fill, then a trip over the outer harbor to the Government Breakwater, over two miles long and costing \$3,500,000. The boats will then go back through the inner harbor through the turning basin to the industrial section. The cars will then be again boarded and the visitors will be taken to Wilgury Tract where lunch will be served.

Wilgury Tract is located within 1200 feet of present deep water and is the finest body of land around the harbor for business, industrial and residence lots. All of the railroads and electric lines going to the harbor pass Wilgury Tract, making it a point where rail and water meet and where there will be the greatest advance in values. Wilgury Tract offers the greatest investment opportunity in Southern California. Lot values are low and they must increase in value rapidly with the development of the harbor.

Wilgury Tract was placed on the market five weeks ago. It has proven the sensation of years in new additions. Over \$275,000 worth of lots have been sold by the Newport Company within five weeks. Lots can be purchased on easy terms or for cash and every investor is assured of dollars for every dime invested.

The cars leave Santa Ana promptly at 9:30 on Thursday, July 11th. A low excursion rate of 75 cents for the round trip has been secured, which also includes the boat trip and lunch at the tract. The tickets will go on sale Monday morning at the Pacific Electric office. Only a limited amount of tickets will be sold, so you should secure yours early. When tickets enough to fill the cars have been sold no more will be issued. You will be disappointed if you wait until late to secure yours.

DOWN AND OUTS TO HAVE CHANCE TO RENEW INTEREST

CHICAGO, July 8.—A 100-acre farm where the "down and outs" can be restored to health is planned for the near future by Malcolm McDowell.

The idea is to provide outdoor employment in truck gardens and special instructions in other useful work. Mr. McDowell says: "We want to take care of the men who are absolutely discouraged."

The committee which Mr. McDowell heads was named "the committee on the training and placing of the discouraged."

The commission already has decided to recommend a state labor exchange. The farm is to take care of men who cannot obtain employment through the exchange.

LIKE ORANGE COUNTY'S COUNTY ORGANIZATION

SAN BERNARDINO, July 8.—A move has been started here to organize a County Chamber of Commerce,

to be composed of members of the various chambers of Commerce of the county towns. Secretary Vehey of the San Bernardino Chamber has sent out invitations for a session to be held here next Friday morning at 10 o'clock to discuss the plan. A local committee, composed of C. M. Grow and W. W. Brison, will represent San Bernardino. Highland will be represented by L. A. Desmond and M. M. Randall.

MONROVIA PLANS TO BUILD ONE OF CHAIN OF THEATERS

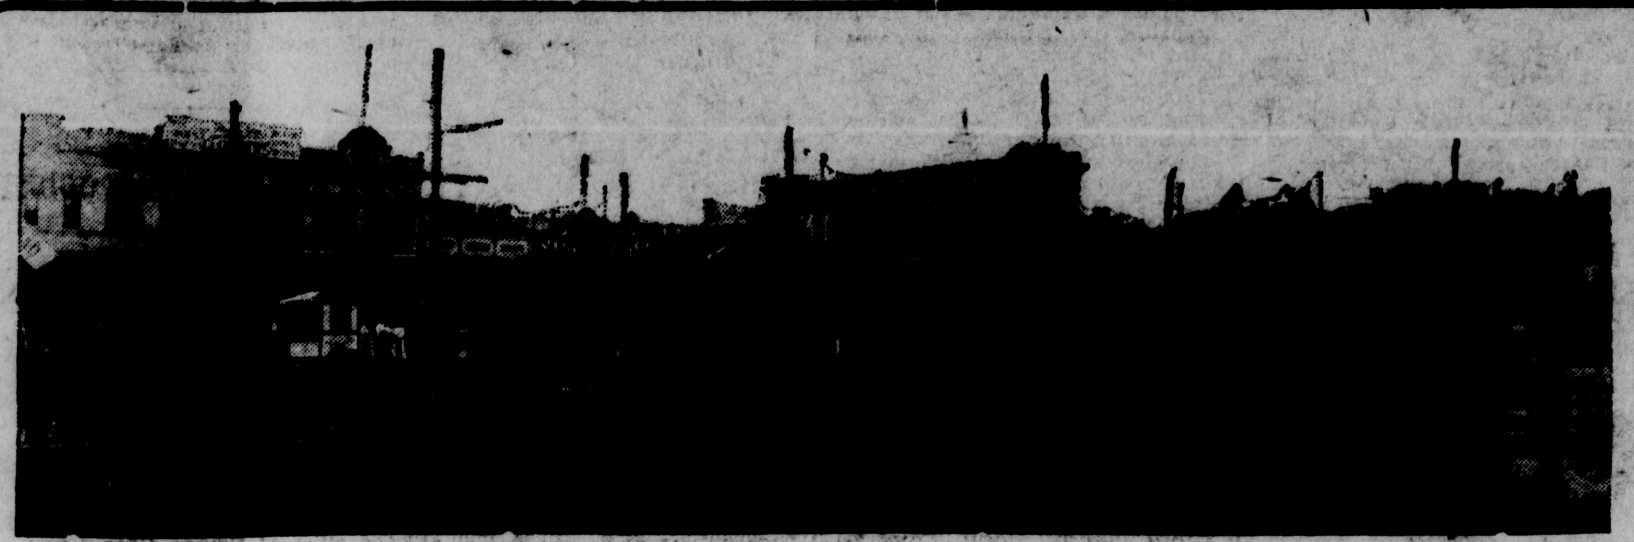

MONROVIA, July 8.—Monrovia will probably have another theater in the near future. A local real estate dealer is in receipt of a letter from

a theatrical firm of San Francisco outlining plans for a chain of theaters in the smaller towns, and offering to take a ten year lease on a new building, located on the principal business street, at a figure which will net 7 per cent for the investor. The specifications call for a concrete building to cost not less than \$25,000, preferably \$30,000.

—Mrs. Ada F. Champ, Artist. Studio, 229 French street. Lessons in Oil, Water-Color, etc.

—On August 1st, I. W. Van Cleave will consolidate his two barber shops at the Rossmore in a ten chair shop.

SANTA ANA DAY

At Los Angeles Harbor and Wilgury Special Cars Will Leave Pacific Electric Depot Santa Ana Thursday, July 11th at 9:30 a. m.

75c ROUND TRIP 75c

Thousands of people, during the past few weeks, have investigated the industrial, municipal and private improvements of Los Angeles harbor, under our auspices, and many more were turned away, owing to lack of accommodations. If you desire to take this pleasant and profitable trip get your tickets at once as our space is extremely limited. As a good citizen of Southern California you should be thoroughly in touch with the various details of our harbor situation. Los Angeles is about to become a great world harbor. She will fall into line with Liverpool, Sidney, New York, Boston and San Francisco, from a maritime standpoint. The 75 cents round trip fare includes an enjoyable and instructive trip around the harbor. At the end of this trip we show you "Wilgury-at-the-Harbor"—the only industrial property close to deep water that is obtainable at bed rock prices.

We have sold scores of harbor sites in this deep-water tract, in four weeks—the greatest harbor subdivision selling record in local real estate history. We offer this property in parcels of 4800 square feet at about 15 cents per square foot, or \$550 and up per lot. Industrial property in Los Angeles today, nearly twenty miles from deep water, is selling at \$1.20 to \$3.00 per square foot. Profits ranging up to 1000 per cent have been made in the Wilgury district in the past sixteen months; 70 per cent profit was recently made in a period of two and one-half months. We have another record of 80 per cent in four months.

Now is the time to buy well-located harbor sites. How would you like to own property near the water front of New York or San Francisco. Los Angeles property will be equally valuable a few years hence.

Don't Fail to See Wilgury-At-The-Harbor

Make reservations at once. Number limited. Agent Pacific Electric Depot, Santa Ana, or F. P. NEWPORT CO., 204-209 Central Building, Los Angeles.

\$35,500 FOR 10-ACRE GROVE

Whittier Orange Tract Sells at
Record Price—\$30,000 For
La Habra Grove

WHITTIER, July 8.—The record price of \$35,500 for a bearing orange grove was recently made when S. W. Barton, a well known capitalist of this city, sold ten acres of his East Whittier grove to Mrs. Ida T. Brown of Lawrence, Mass., for \$35,500. The deal was for spot cash. The Barton properties are the show places of East Whittier. This particular grove is set to bear old Valencia, and is in the first full bearing. The trees are well set to fruit and a conservative estimate of the present crop places its value at \$7000, or about 20 per cent of the selling price.

Mrs. Brown is still in the East, but will remove to her recently acquired possessions the coming autumn. The property is unimproved as to buildings. Mrs. Brown will build a handsome residence for her home,

and other buildings, such as are needed upon the avenue. The ranch. The property adjoins the county road, the good road, boulevard between Los Angeles and Santa Ana, and is in a highly desirable residence section.

REDLANDS CLAIMS LEAD IN ORANGE SHIPMENTS 1912

REDLANDS, July 8.—Orange shipments from the Redlands district went to the 4723-car mark the past week. Redlands is about 1899 cars ahead of any other district this year. The shipments are only 100 cars behind those of last year, and indications point to a crop of 5000 cars this year, as against 4975 last year.

Many Valencia growers have not yet picked their fruit and are waiting for higher prices. The Valencia will soon have a clear field, the early varieties being practically out of the way. Growers state that the new crop is falling greatly and a medium crop is predicted for this year.

TENT REVIVAL MEETINGS END

Many Conversions and Mighty
Uplift, Result of Dr.
Lamkin's Work

(Communicated)
It would be difficult to sum up the result of the great revival meetings in this city which closed last night. From the first the meeting was one of peculiar power and deep spiritual interest. While it was held under the auspices of the Immanuel Baptist church, the blessings and results are in no wise confined to this church. There will be many added to other churches, and the whole community has been blessed. Dr. Lamkin is truly a preacher with power. He is fearless in his plea to men to be saved. His sermons are all carefully prepared, and are rich literary gems. He has no "clap-net" methods common to modern evangelists. His messages all ring true and present the old gospel in a beautiful and attractive way. Santa Ana has heard many great preachers of the country, but it can be truly said that not one has ever presented the gospel with greater clearness and power.

It would be impossible to give an adequate idea of the closing service last night. The tent was packed to overflowing and many people stood in front of the outside and listened with interest until the closing word of the farewell message. The sermon on "The Magic Name of Jesus" was a masterful presentation of Christ to men. The great congregation was deeply impressed, and as Dr. Lamkin made his final appeal several came forward and gave him their hands to confess Christ. Then followed a song by the large congregation and a general handshaking and the great revival closed in a blaze of glory and triumph.

The pastor and church are rejoicing in the good work done. Dr. Lamkin won his way into the hearts of the people, and many were left happier and better for the coming of this man of God.

SARAH PLATT DECKER DEAD

Foremost Club Woman in United States Passes Away in
San Francisco

SAN FRANCISCO, July 8.—Mrs. Sarah Platt Decker of Denver, former president of the General Federation of Women's Clubs, died here last night at 8:30, following an operation last Friday for intestinal trouble. Her daughter, Miss Harriet Platt of Denver, was present.

Mrs. Decker was here to attend the biennial convention of the Federation of Women's Clubs and had successfully pleaded for an endowment fund. Her illness was brief, being of a week's duration.

Sarah Platt Decker, richly endowed by ancestry, intellect, generous heart and splendid educational training and experience, was probably the foremost club woman in the United States. She was descended from the famous Adams family of Massachusetts through her mother, and her father, Edwin Chase, was a prominent temperance worker. She was

identified in the East with humanitarian movements, but became a national figure after her removal to Denver, Colo., where she was prominent in winning suffrage for Colorado women, and in her services on the Colorado State Board of Pardons, and other public capacity. She made the Denver Woman's Club one of the biggest forces in the world of women's clubs, and through her executive and organizing ability helped bring the General Federation of Clubs to its present commanding position in the United States.

HISTORIC HALL SCENE OF FIGHT

700 Italians Play Havoc With
4 Police Officers in Famous
Faneuil Hall

BOSTON, July 8.—Historic Faneuil Hall was the scene of a fight last night with four police officers on one side and more than seven hundred Italians on the other.

When the smoke had cleared it was found one policeman had been stabbed in the head, another clubbed, a third had narrowly escaped death as a bullet grazed his chest, and the fourth had been clubbed and relieved of his stick. Many Italians were arrested.

The trouble began just as a meeting of Italians opened which had been called to protest against the further detention of Joseph J. Ettor and Arturo Giovannitti in the Lawrence jail on charges growing out of the Lawrence mill strike.

DIRE DISTRESS

It is Near at Hand to Hundreds
of Santa Ana Readers

Don't neglect an aching back. Backache is often the kidney's cry for help.

Neglect hurrying to the kidneys' aid. Means that urinary troubles may follow.

Or danger of worse kidney trouble. W. N. Nelson, 902 E. Fifth St., Santa Ana, Cal., says: "Six or seven years ago, while living in Pennsylvania, I used Doan's Kidney Pills and was relieved of pains in my back from which I had suffered. Occasionally my back was so painful that I could scarcely turn over in bed. In addition to this, I also had rheumatic pains. The contents of a few boxes of Doan's Kidney Pills procured at Doan's Drug Store (now Wheeler & Mather's Drug Store) removed my aches and pains and I have had no cause for complaint since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CENTENARIAN SAYS LONG LIFE DUE TO TEMPERATE HABITS

NEW YORK, July 8.—George Clinton Faine will celebrate the 100th anniversary of his birth Tuesday with his children, grand and great-grandchildren, at the home of his daughter in Newark, N. J.

Mr. Faine walks five miles a day. His eyesight is excellent, so that he employs spectacles only when he reads finely-printed matter; his appetite requires three meals a day.

"I attribute my long life to the simple life and to abstemious habits," said Mr. Faine.

"I smoked, or attempted to smoke, a cigar in 1820, but it made me deathly sick, and I never tried it again. I never drank a drop of liquor, unless it was mixed with medicine, for fever and ague, and I never chewed tobacco. I'm fond of bread and milk, and I consider this a most wholesome diet."

LOWER RAILROAD FREIGHT RATES FOR LOS ANGELES

LOS ANGELES, July 8.—Reductions in railroad rates which are important to Los Angeles shippers are soon to be inaugurated and will result in increased profit in the handling of many of the commodities involved. These day new and lower freight rates will go into effect on 100 leading commodities shipped from the East to Arizona, New Mexico and adjoining territory.

Advance copies of the schedule were received Saturday in Los Angeles and the reductions in rates from three to six to thirty-three per cent.

OLDEST MILITARY ORGANIZATION IN U. S. OFF FOR LONDON

BOSTON, July 8.—Fifty members of the Ancient and Honorable Artillery Company of Boston, the oldest military organization in the United States, sailed on the steamer Arabic for England to pay a visit to the parent body, the Honorable Artillery Company of London. The delegation was commanded by Captain Francis H. Appleton.

Members of the command who stayed in America chartered a steamer and escorted the Arabic out beyond the harbor entrance.

TRANS-ATLANTIC LINES TO TRAVEL NORTH OCEAN LANE

WASHINGTON, July 8.—Ice conditions in the North Atlantic have improved so that the Hydrographic Office has recommended that transatlantic steamships return to the ocean lanes adopted on April 19, just after the Titanic disaster.

These lanes were located about sixty miles south of the existing routes just after the wreck, but discoveries of heavy ice further south resulted in another southerly shift to their present location.

VOTE FOR THE BONDS

It would seem entirely unnecessary for the Register to express its approval of the proposed bonds issue for county farm and hospital and for permanent bridges. In season and out of season this paper has urged the providing of funds by the issuance of bonds for these purposes. The proposed improvements are demanded by every consideration of social well-being and economic progress.

The maintenance of a county hospital in the heart of this city is hygienically and aesthetically wrong, and we believe it is also illegal. The scattering of the indigent sick all over the county, leaving them, in most instances, in the care of ignorant and oft-times vicious relatives is a social outrage, a hygienic menace and an economic monstrosity.

This is not an indictment of the Board of Supervisors but of the people of the county, who refused to vote the bonds necessary to provide a county farm and hospital. The supervisors have done the best they could under the circumstances.

If the bonds should again be defeated the levying of a direct tax would be justifiable, and would no doubt be the result.

As for the bonds for bridges, the investment would be highly profitable to the taxpayers simply in the saving that would be effected by the construction of permanent bridges to take the place of wooden bridges which are so very expensive to maintain. Moreover good, permanent bridges must be provided before we can have the state highway. That is the reasonable demand of the state highway commission, and it is being acceded to in every county in the state.

We hope and believe that all good citizens will vote for the bonds—both issues.

POLL TAX FOLLY ANALYZED

Apparently the initiatory petition for submission of a constitutional amendment to abolish the poll tax has received the requisite number of signatures (31,000) which will insure the presence of this ill-advised proposition upon the ballot to be cast November 5. That other equally pernicious measure looking to the abolition of capital punishment appears to have fallen by the wayside, as it deserved to do. As few men will reject the opportunity to shunt off direct taxation the chances are largely in favor of the ratification of the poll tax amendment, with the inevitable consequence that every acquiescent property owner will merely be increasing his own burden and relieving thousands of adults of the only form of taxation they have to meet to help support the state government.

Of course, this \$700,000 now raised by capita tax annually and devoted principally to school purposes must be forthcoming in another manner and it is property that will have to supply the deficiency. Every small house owner who foolishly fancies that by voting in favor of the amendment he is shuffling off \$2 of his taxes is in grievous error; he will have to pay it in another way, plus the share of that army of shiftless and largely irresponsible laborers whose burden of taxation is limited to the poll tax of \$2 a year. This class is to be cosseted at the expense of the thrifty. There is no dodging that fact.

How many Japanese are there in the state who will be exempt of taxes if this one form that now reaches them is abrogated? We venture to assert that at least \$100,000 will be lost to the state through this proposed diversion which will shift this much from the shoulders of the thrifty Japs to those of the thrifty whites, the unthrifty escaping entirely. The plan had its inception in Sacramento, we believe, and has been supported by a few newspapers inclined to endorse freakish legislation. It will be a costly experience to all property owners who approve it by ballot. The State Federation of Labor, which has endorsed the measure, is engaged in the questionable act of inequitably imposing the burden of government on its thrifty membership. — Pasadena News.

SUCCINCTLY STATED

The Imperial Valley Press "touches the spot" when it says: "When we come to analyze the known facts it is so apparent that Roosevelt is the representative of popular government and Taft is the representative of the oligarchy of officeholders that answer stands out boldly by itself. To follow the lead of Taft is to consent to the use of the appointing power to over-

CAN PERMANENT GOOD ROADS BE MADE OF OIL AND SAND?

Supervisor Twaddle of the Second district in Tulare County, also known as the "King of the San Joaquin Valley Road Makers," does not fully agree with Supervisor W. D. Mitchell of Fresno County that it is necessary to provide a crushed rock foundation in order to build good oiled roads. While not condemning the rock foundation method where very heavy traffic is encountered, Mr. Twaddle contends it is not necessary to incur such a heavy expense to build and maintain good roads for motor vehicles and the average traffic, and sets forth his views as follows:

"I have built roads for more than twenty years in this valley, and have made use of oil during the last twelve years of that period, and it has been my experience that a road to withstand motor traffic and the ordinary light travel can be built without the use of crushed rock if the soil foundation is properly prepared. The chief reason why trouble is encountered with a plain oil and sand road is that proper care is not observed in the preparation of the roadbed.

"The dirt foundation should first be rolled smooth and hard and up to grade. Oil is then applied according to the nature of the soil and the width of the road desired, 200 and 250 barrels per mile being the average amount required. Enough clean sand should now be added to secure a thorough mixture with the oil, and the road again rolled hard and smooth. I wish to here emphasize the fact that the road should be built to grade, in order to secure proper drainage, so that foundation may be thoroughly protected by the oil and sand covering.

"I do not claim that a perfect road will be secured by this process in one year, or even two, but if due care is exercised in the initial construction

and the road is properly kept up, you should have a road after three or four years to compare favorably with macadam, at a minimum of expense.

"Very warm weather has a tendency to buckle any road, and to overcome this the road must be worked and resanded whenever conditions show need of it. I have a stretch of road that has only been oiled four times in eleven years, but it has been sanded a number of times and kept well worked down with road machine adapted to that purpose. The heat of the sun tends to draw the oil up through the top sand, thus making it necessary to add more sand.

"The ordinary oil sand taken from sump holes in the various fields makes an excellent material with which to repair roads in cold weather. When this oil sand is filled into the holes and chucks it is immediately packed and welds into the surrounding area in cool weather, but it cannot be recommended during the summer months.

"The usual macadam road costs from \$6000 to \$12,000 per mile, usually nearer the latter figure unless conditions are very favorable, while a good oil and sand road can be built and maintained in first class condition for \$600 a mile the first year and \$200 the second, which is only a small percentage of the original cost of macadam. After the second year \$75 per mile will maintain said road.

"In order to do any amount of macadam road work it is necessary to issue bonds to finance the proposition, which often proves a great obstacle in the way of much needed improvements, while a plain oil and sand road, which if properly constructed, is the equal in every respect to the macadam, can be built and maintained from the district road fund, and in addition to having a satisfactory road there will be no interest to pay and no bonds to meet."

Outline of Plans for the Roosevelt Campaign

(By H. A. French.)

SACRAMENTO, July 2.—At a conference Friday it was determined that every legitimate effort should be made to cast the electoral vote of California for Theodore Roosevelt for President. Neither morally, nor equitably, is Mr. Taft the nominee of the Republican party; morally and equitably, Theodore Roosevelt is. The Republican party of California is progressive, and in this state the party was redeemed and made respectable by progressives. California's Republican party resents the taint and the fraud of the Chicago national convention and will not tolerate the alliance there demonstrated between crooked politics and crooked business. California's Republican party is synonymous with progress and political freedom. This Republican party of our state emphatically and unequivocally declared for Roosevelt by seventy-seven thousand majority in a primary where every candidate was given equal opportunity and absolute fair play. Our law, as elected by the candidates for the legislature chosen at direct primaries. There is a wide divergence of opinion as to whether candidates for presidential electors can by petition be put upon the ticket by a party designation, or, if thus put upon the ticket, can be voted for in a single group; and there are many who insist that the only party designations that can be used are Republican, Democratic and Socialist. It has therefore been determined that those candidates for the legislature in the Republican party who are progressive shall agree, if they are successful, to nominate candidates for presidential electors who will vote for Roosevelt for President.

The fight shall be made openly and frankly upon the candidates for the legislature who have the power of nominating presidential electors. In this fashion, the Taft men and the Roosevelt men, and any other men who desire, have an equal chance before the people.

Of course, this particular plan will be obnoxious to the Taft adherents because no plan where they have

throw the expressed will of the people. To follow the lead of Roosevelt, nominated by the people, is to support the principle of popular government."

There seem to be two kinds of Democrats—the unthrifty and the unverified.

The nineteen-twelve idea: "Wherever you see a head, hit it!"

Consumption and Genius
Not a few of the world's greatest geniuses in art, science, and literature have died from tuberculosis, and on this account certain writers, such as Dr. Arthur Jacobson or Dr. John B. Huber, think that possibly this disease may provide a certain stimulus to the genius of an already great man. The following are some of the great men and women of letters mentioned by Dr. Jacobson who have died from tuberculosis: John Milton, John Locke, Alexander Pope, Dr. Samuel Johnson, Sir Walter Scott, Elizabeth Barrett Browning, Goethe, Robert Louis Stevenson, Sidney Lanier, Ralph Waldo Emerson, Voltaire, John Ruskin, Charles Kingsley, Immanuel Kant, Rousseau, E. P. Roe, and Paul Lawrence Dunbar. Among other great men who are reported to have died of tuberculosis may be mentioned Raphael, von Weber, Chopin, Nevin, Calvin, Cicero, and Cecil Rhodes.

Never Permitted to Forget
"Captain, how often have you crossed the ocean?"
"Seven hundred and eighty-one times."

"Mercy! I should think you would forget to keep count."

"No, no. Some silly person makes it necessary for me to recall the number on every voyage."

Have in Mind Only Success.
Look out for thoughts of dissatisfaction. They will destroy your possibilities for bringing contentment into your life. Think success and live it. You cannot fail if you hold the thought of success like a banner held aloft, before you. Yesterday is gone. Forget it and everything connected with it that will not help you to get further along in your ambition to be wiser, better and nearer lasting happiness for yourself and others.

A Home Investment

Guarantee Building and Investment Co.

A half million dollar corporation offers you a safe and profitable investment paying 9 per cent on par value—interest payable quarterly—all stock subscribed in Santa Ana with the earnings, together with what is put in by the company as needed, is all left in Santa Ana—for the up-building of the city. We buy all building material here, employ all labor here. If you want something good, take it at home and watch it grow. Mrs. Olive Lopez will call on any ladies who may be interested. Stock may be paid in full, or 10 per cent down and 5 per cent a month. We can locate you on the Wakeham tract or the Highland tract, where you can have about an acre at the right price. Will build to suit you.

VISIT FROM GRAND MASTER

Santa Ana Masons Entertain Distinguished Visitor With Large Reception

About 175 Blue Lodge Masons met at Santa Ana Masonic Temple Saturday night on the occasion of the visit of Grand Master Monroe of Berkeley. Masons were present from all over the county and from Arizona. The grand master made an excellent address.

An elegant banquet was served in the lodge banquet room. The evening was in the nature of a reception to the grand master, whose personality made a very favorable impression upon all of those who met and heard him talk.

A Motor Trip

Prof. and Mrs. J. A. Cranston and daughters returned Saturday evening from a delightful motoring trip in their handsome Reo 5. They left here Wednesday morning last for Redlands where they spent the day and night with a cousin. On Thursday morning their car was started for Beaumont where they visited an uncle of Mrs. Cranston, returning that evening to Redlands where they spent the night. On Friday morning they left early, and made a round that included San Bernardino, Upland, Claremont, Pomona (with a stop there) and San Gabriel, where the afternoon performance of the Mission Play was witnessed. Then the party went on to Los Angeles where Friday night was spent.

Saturday afternoon saw the party starting out on the last leg of the journey, going to Long Beach, then turning homeward to Santa Ana, arriving here Saturday evening. A happy journey indeed.

C. E. OFFICERS INSTALLED

The C. E. of the Christian Church installed officers for the coming six months last evening. The services were in charge of Mr. Charles Parslow, the retiring president. Besides the scripture reading, prayer and memory gems from the Bible, the following specials were rendered:

Two selections from the Queen Esther Cantata by the C. E. Chorus.

Trilo, "Since I Have Overcome"—Leta Allen, Ray Knight, Ethel Wilson.

Solo, "Rock of Ages," Mrs. Theo. Winbiger.

Rev. Paul Wright then installed the following officers in their respective offices:

President—Miss Ethel Wilson.
Vice President—Mr. J. B. Crites.
Secretary—Mr. Charles Parslow.
Treasurer—Mr. Marlin Morrill.
Planist—Miss May Scholes.
Chorister—Miss Myrtle Wilson.
Usher—Mr. Errol Lucas.
Prayer Meeting Committee—Mr. J. B. Crites.
Missionary and Flower—Miss Theona Loyelady.
Lokout—Miss Ray Knight.
Social—Miss Eva Robinson.
Superintendent Quiet Hour—Miss Eunice Davis.

Three Days' Motor Trip
Mr. and Mrs. C. G. Twist last week made a three days' tour of Southern California taking in all points of interest between here and San Diego.

ENTERTAIN SINGERS

W. A. Benjamin Home on Hickory Street Scene of Pleasant Gathering

W. A. Benjamin and wife were host and hostess on Friday evening to the choir and music committee of the Baptist church, entertaining their guests in their new place of abode, 315 Hickory street, where they recently moved.

A delightful evening was spent, such a large number of musical people being amply able of course to furnish any amount of music. The evening was opened with a choir rehearsal, but the rest of the time was devoted to purely social enjoyment.

A feature of the evening was a welcome address given in rhyme by Mr. Benjamin who not only greeted the guests hospitably, but expressed his gratitude in verse for the many favors they had showered on him during his connection with them in a musical capacity.

Delicious refreshments were served before the merry company departed, rounding out a most happy evening.

Personals

B. Jenkins of Santa Ana, registered at Hotel Argonaut, San Francisco, last Saturday.

Mrs. Samuel Nau of South Birch street is looking for a friend, Miss Frances Marston, to arrive here today or tomorrow to be her guest. Miss Marston is doing missionary work among the Mono Indians at North Fork, California.

Mr. and Mrs. Earl Dort of Pasadena are spending a few days in Tustin at the home of James A. Dort. Earl is employed in the S. P. ticket office at Pasadena.

O. Shepherdson, a hardware merchant of Fullerton, with his daughter, Miss V. Shepherdson, of the Burbank High School faculty, were Sunday guests at the Wm. Besser home.

Mrs. M. A. Brown of San Jacinto is here for a month's visit with her sister, Mrs. R. H. English. She spent today with friends at Garden Grove.

Mr. and Mrs. A. M. Dobson, who have been in Santa Ana for the past three years, returned Tuesday to their old home in Greensboro, North Carolina. They expect to visit with friends in Indiana on their way back.

Miss Margaret Bowen of 1009 Bush street will spend this week in Los Angeles visiting friends, she being the first of the Rankin Dry Goods clerks' force to take a vacation this season.

Mrs. M. D. W. Stearns, Shaffer and O. M. Newman were Los Angeles visitors for the day.

R. B. Cook and family went to Capitran this morning, where they will spend a week on their ranch.

Mrs. M. D. W. Stearns, Shaffer and O. M. Newman were Los Angeles visitors for the day.

Mrs. C. W. Sheets and daughter, Miss Lura Sheets, were Angel City visitors today.

A. E. Hassler, wife and baby are spending a week at Coronado Beach.

Mr. and Mrs. A. C. Black and Miss Mary Taylor were week-end visitors at Balboa.

Mr. George Edgar and Mrs. Edwin Barnes passed the day in Los Angeles.

Mr. and Mrs. Bertram Leiby returned to their home at Newport Beach this morning.

Miss Hazel Cochran, manager of the Western Union at Whittier, was the guest Sunday and Monday of Miss Vera Jessup, manager of the Western Union here.

Mrs. Fred Ross and little daughter, Jean, have returned from a week's visit to Mrs. Ross's sister, Mrs. H. S. Stright, of Redlands, accompanied by Mr. and Mrs. Lambert Harris, who have been visiting Mr. Harris's father and mother, Mr. and Mrs. S. Harris, of West First street, returned to their home at Escondido today.

Mr. Harris was formerly connected with the Hatzfeld & Parsons Drug Co.

Miss Pauline Anselmino arrived yesterday from Colorado to make a visit to her parents, Mr. and Mrs. O. Anselmino. The young lady is a prosperous milliner of her home town.

Miss Mary Anselmino accompanied her sister from Los Angeles.

Mr. and Mrs. I. C. May recently returned from a two months' visit to their old home, Kansas City.

H. G. Hull, who spent the Fourth of July at home, bringing his daughter, Helen, down from the Kern county ranch, returned today accompanied by his other daughter, Dorothy, and a young friend of Miss Helen's, who was a guest at the Hull home over the Fourth.

Mr. and Mrs. R. O. Stearns returned today.

"You Are Safe"

remarked an old suit customer, "in giving a guarantee with your hats—they don't need it."

There's not a hat that leaves our shop but goes out with this understanding: "We'll stand back of it as long as you're under it."

ed today from a week's outing at Balboa Beach.

Mr. and Mrs. G. H. Sprague, who have been spending the past two weeks at Newport Beach have returned to their home on French street.

Mr. and Mrs. H. C. Babise went to Laguna Beach today for a week's outing. The Babises recently sold their music and picture business which they have worked assiduously to bring up to its present proportions, and richly deserve a recreation period.

Tim Grace of San Diego and his friend, Norman Budd, of Portland, Ore., are visiting Mr. Grace's sister, Mrs. G. L. Goddard, at her home on East Walnut street.

Biologist Says Fishes Remember

The fact that fishes will return time after time to bite at the hook by which they have been caught is often cited as proof that fish have no memories. But Yves Delage, the great French biologist, has been making some experiments which seem to prove the contrary. He says that fish return to the hook because their greediness is greater than the influence of their memory. If you place a bright red disk upon a hook the fishes will cease to take it after being caught seven or eight times if you change the color of the disk the fish will return indefinitely. The red disk made an impression on the fish's memory—slowly, it is true—and when it recognized the danger signal it avoided it.

FOR SALE—Guitar, mandolin, rifle, sewing machine, infant's and children's clothing, pyrography and ketch outfit, major set, household goods. 515 West Second street.

INSANE MAN CAUGHT NAKED IN ORCHARD

Santa Ana Automobile Passing Him on Canyon Road Had to Leave the Road

An insane man, supposed to be a French sheep herder wandered about Peters canyon yesterday, most of the time without a stitch of clothing on him. He was first seen in the morning near the Santiago Golf Club links. At that time he wore clothing. In the afternoon he was seen walking down the canyon. An automobile from Santa Ana going down the canyon drove up behind the man, who kept to the middle of the road and seemed not to hear the tooting of the automobile horn. The automobile had to get out of the road in order to pass the man. Word was sent to the sheriff's office and Deputy Sheriffs Squires and Law and Constable Jackson went out after the man. They found him wandering about in the Irvine olive orchard. The man was captured without trouble, and, provided with clothing, was brought to the county jail. He refuses to tell his name.

GIRL'S FINGER BROKEN

There is a probability that a warrant will be issued for the arrest of John Walsh, who lived for a time at Balboa. The story as Constable Heard received it is that Walsh was disturbing two girls on board a car at Balboa, and a conductor interfered. One of the girls thought Walsh was going to strike her, and threw up her hands. Walsh seized her by one hand, and broke one of her fingers. As yet Heard has been unable to learn the name of the girl who was hurt.

Comparative Tuberculosis Rate
While the tuberculosis death rate is falling rapidly in every civilized country, due largely to vigorous campaigns against tuberculosis, recent figures given out by the International Congress on Tuberculosis at Rome show that from one-tenth to one-fourth of the total mortality of Europe is caused by this disease. The approximate number of deaths in each million population from tuberculosis in certain countries are indicated in the following table:

Russia—4,000.
Austria-Hungary—3,500.
France—3,000.
Germany—2,800.
Holland—1,900.
Italy—1,800.
Scotland—1,700.
United States, 1,600.
England—1,400.

The United States death rate is for only a little more than one-half the population or for the registration area, and is not strictly comparable with the others.

Dangers of Spitting

"Ninety-five per cent of our consumption," says the North Carolina State Board of Health, "comes from careless spitting, coughing and sneezing," particularly on the part of the consumptive, but also from people who are apparently healthy. "Spit is frequently laden with deadly disease germs, particularly that of consumptives."

"When one coughs, spits, or sneezes, a great multitude of tiny drops of spit are violently expelled from the mouth and nose. The largest of these drops can be readily seen. A large number of smaller droplets can be found if a mirror or piece of glass is held before the face when coughing or sneezing. A tremendous quantity of still smaller droplets are discharged in the form of an invisible spray or mist, which floats about in the air for some time. Scientists have found that when a man coughs, spits, or sneezes in a large hall or room where the air is quiet, these tiny, invisible germ-laden droplets will float in the air for a distance of 25 to 100 feet. These tiny droplets, in the form of mist or spray, may be breathed in by other people, or they may settle on objects with which they come into intimate contact, such as food and clothing. Viewed in this light, such conduct is at least impolite. Furthermore, it is dangerous to the public at large to have careless people actually coughing, sneezing and spitting germ-laden matter into their faces even if it is invisible and in the form of fine mist."

BASEBALL RESULTS

National League: First game—Philadelphia, 5; Pittsburgh, 1. Batteries—Alexander and Killefer; Camnitz and Cole and Gibson.

Can't Down the Irish
An Irishman just landed got work on the New York Central as flagman at Tarrytown. His first day on the job he waved the red danger signal before the Empire State Express. The brakes screeched down. The train stopped, and the crew ran up. "What's the matter? Why did you stop this train?" the conductor demanded.

"Well—" began the flagman. "Don't you know it's a state's prison offense to stop a train without cause?" the conductor exclaimed. "Why, we're 20 minutes late now."

"That's just it," was the answer. "Where have you been the last 20 minutes?"

Opportunity for All.

Births Exceed Deaths In 1911 In California

SACRAMENTO, July 8.—Race suicide cannot be charged to Californians as there were 816 more births than deaths in this state in 1911, according to the final tabulations given out yesterday by Statistician Leslie of the state board of health.

The number of births in 1911 was 34,328, or 2.4 per cent more than the deaths, which numbered 34,012. This is the first time that birth registrations in California have exceeded the annual death total.

While the increase in deaths in 1911 over 1910 was 1614 or 5 per cent, the gain in births was 2690 or 8.4 per cent.

Similarly, as compared with a death rate of 13.7 per 1000 population for 1911, the birth rate for the same year is 14 per cent per 1000 inhabitants.

Leslie reports that the deaths in California totaled 34,012 for 1911, against 32,398 for 1910, 30,985 for 1909, 31,287 for 1908, 31,095 for 1907 and 29,303 for 1906.

BOYNTON IS JAILER IN JERNIGAN'S PLACE

This afternoon Samuel Jernigan resigned as county jailer, and tonight will present his \$25,000 bond to the City Trustees for approval, and immediately upon its acceptance Jernigan will be city marshal.

This afternoon Sheriff Ruddock appointed E. W. Boynton as jailer to take Jernigan's place, the appointment being filed with the city clerk. Boynton immediately took charge of the county jail.

DIG TRENCHES TO PUT WIRES UNDERGROUND

A gang of laborers today began work digging trenches for the conduit in which the Pacific Telephone & Telegraph Company will place its wires in most of the business portions of the city. The laborers began on West Fifth street. The telephone company expects to spend about \$40,000 in its work here.

Dangerous for Restless People

Bill—I see a man in Iowa has patented a bedstead that holds a mattress on rollers and pivots. Jill—If a restless man should attempt to use one of these mattresses he should either tie himself to something in the room or nail down all the windows.

UNION SERVICE AT OPERA HOUSE

Santa Ana Churches Opened Summer Plan of Sunday Evening Union Meetings

The opening union meeting of Santa Ana churches was held last night at the Grand Opera House, in inaugurating a plan recently decided upon by a number of the prominent churches of this city of joining forces in union Sunday evening meetings through July and August.

The service was in charge of Rev. J. A. Stevenson, pastor of the First Presbyterian church and the sermon of the evening was preached by Rev. Otto S. Russell, pastor of the First Baptist church. Rev. W. L. C. Samson, of the United Presbyterian church, uttered the invocation and Rev. Paul E. Wright pronounced the benediction.

A volunteer union choir from the various churches rendered the hymns of the evening, with W. A. Benjamin singing a solo as a special number. The music was led by an orchestra of fifteen pieces, under the direction of C. P. Coffman of the First Methodist Episcopal church. A profound and polite were special orchestra number last evening. This orchestra will serve through the season with W. Frank Harris director.

The sermon preached by Rev. Russell was a strong one and carried the lesson of the necessity of keeping oneself out of the way of temptation, citing the case of Peter's weakness after the betrayal of Jesus, when Peter comforted with the enemies of his Master, "warming himself by the fire," instead of being out with the Saviour's adherents where he might show himself on the side of the Nazarene.

The service altogether was one of deep interest and it is believed the union meetings will prove decidedly successful. The auditorium of the opera house was filled to capacity, with a goodly audience in the balconies.

Obedience Not Always Good

Obedience is good and indispensable; but if it be obedience to what is wrong and false—good heavens, there is no name for such a depth of human cowardice and calamity; spurned overlastingly by the gods.—Thomas Carlyle.

Hill's Corner

After having occupied this corner for a long time for the purpose of letting people know what we are doing, how we are doing it and what we propose to do, and had supposed that we had told everybody, a man calls to inquire if WE DO PLUMBING. So now we will tell it again in BIG LETTERS, that WE ARE PLUMBERS AND TINNERS and carry the biggest stock of Plumbing Goods, Galvanized Iron and general hardware that can be found in this county, and we employ more men than any other firm in this section and these men know how to do the work required to put the goods where they belong.

Yes! We are PLUMBERS!

FRUIT PACKING HOUSES BUSY

Good Demand and Good Yield Mark the Market Conditions; Anaheim Shipments

ANAHEIM, July 8.—There is great activity at all the fruit packing houses of Anaheim since the orange season opened. A big demand for the fruit and a good yield by local groves has made plenty of work around the three plants. Up to date there have been shipped from the three places a total of 238 cars to various markets in the East and the North.

According to the managers of the different plants there is a brisk demand for the fruit in all markets, especially the past couple of weeks when everybody was preparing for the Fourth of July, and the price is a little better than at this season last year.

G. W. Sandilands, manager of the Anaheim Fruit Association, in speaking of conditions this season said: "We have sold over 165 cars of fruit this season. Last week we sold a carload of 'Mother Colony' brand Valencia on the Boston market for \$4 per box. This is among the top notch sales for the season. We have thirty-five employees and the bunch has been kept busy the past two weeks." "Let me mention," said Mr. Sandilands, "that we have noticed that those growers that used plenty of fertilizer are getting the best returns from their groves. I have been informed that some frost-damaged fruit from other sections has been sent into the market and if this is true and there is very much of it gets among the retailers, it is liable to cause a slump in prices."

The Independent Fruit Company has a record of seventy-three cars of fruit that has been sent out this season. Its shipments during the month just past have been satisfactory and the fruit has sold at an average price of \$3.50 per box. H. F. Parent of this company also states that the demand for Anaheim oranges is great and that the shipments from this company promise to reach the 100 car mark. He said that the season would run well into the month of September. The Independent Company has sold some of its oranges for \$5 per box.

George Maxfield of the Anaheim Orange Growers' Association states that his company has shipped from the local branch since the season opened over sixty cars of the golden fruit, and the returns are very satisfactory. On Navels there was a noticeable increase over the price realized for the fruit last year. Mr. Maxfield says the quality of the fruit is very good this year but that some of it was badly wind-beaten, making more second and third grades than usual in the early part of the season. This company employs thirty-four people in the packing-house and has a force of fifteen pickers in the groves. This force has been kept on duty since the season opened. "I do not care to give out any statement except in a general way," Mr. Maxfield said, "until I have my annual report completed. I am working on that now and when finished I will be in a position to give facts on this year's conditions compared with former years."

"HANGAR SHIP" IS TO BE PROVIDED

Must be of Sufficient Speed to Keep Pace or Precede the Battleship Fleet

WASHINGTON, July 8.—The navy, according to plans of Capt. Washington I. Chambers, in charge of aerial fleets, will have a "hangar ship," a parent raft for aeroplanes, balloons and kites.

Captain Chambers has filed a report that such a hangar ship is necessary to test the efficiency of aircraft. The first hangar ship, it is proposed, shall be of size, cruising radius and speed sufficient to maintain its place with a battleship fleet or a fast scout cruiser squadron. The idea is that aeroplanes may be used far in advance of the actual fighting units, in which case they should be carried on a vessel attached to the scouts, rather than the real fighters. Great speed will be necessary.

For a Clear Upper Deck It is proposed that the hangar ship shall be an oil burner with turbine engines. Instead of having any projections above its topmost deck, it is planned to have this deck clear of obstruction.

The hangar long boom is to be equipped with long straps, so that hydroplanes may be swung overboard and started from the water, and picked up again on their return. This will require a 60-foot boom.

Hereafter all naval aeroplanes of the hydroplane type are to be equipped with special devices and slings, whereby they may be lifted from and to the deck of the hangar ship. These slings will be made of cable passing through eyebolts fastened in the machines.

CORONAD TODAY INITIATES EXTENSIVE IMPROVEMENTS

SAN DIEGO, July 8.—Coronado today takes the first steps toward spending \$155,000 for street improvements and the building of a seawall. When contracts will be awarded lowest bidders for the work. There will be \$50,000 spent on street work and \$75,000 for the seawall.

To The Land Buyer

We have Potato, Alfalfa and Citrus Fruit lands with cheap water in a gravity system which we can sell you as low as \$250.00 per acre, that for location, quality of soil, water conditions and price has no equal in all California.

Why buy land in an undeveloped section when you can buy for the same price or less where you are surrounded by all conveniences such as transportation, towns, schools, churches, etc., right in the heart of high class development land that has been producing and you can see what the production is.

We have opened a 640 acre subdivision just two hours from Los Angeles, one mile from Riverside electric line. The Ocean to Ocean Highway has been located along the line of our land. It is all level. Under-ground cement pipes to each subdivision of 10 or 20 acres. You can go right on this land, turn on the water and plant a crop.

If you will let us show you this land, you can see 640 acres of as fine potatoes now growing as you ever saw and we think you will be convinced that one year's crop will pay for the land. Then if you like, you can plant to oranges or lemons at your leisure, as it is surrounded by young groves and bearing orchards as fine as any in California.

This land at the price we are offering it will sell quick. You can save money by dealing direct with the owners. J. F. Balliet and A. M. Jones, 505 Ray Bldg., Los Angeles, Cal. Home Phone A1311, Sunset Main 1136.

BEGIN DRYING OF APRICOTS

Buyers Are Paying Only About
Half What Was Paid Year
Ago For Green Fruit

Taylor's Cannery Begins To-
morrow on Putting Up Large
Quantity of Apricots

This week will find apricot camps
all over the county begin the cutting
and drying of the apricot crop, which
in this county is considerably heavier
this year than last.

Buyers of fruit on the trees are pay-
ing from \$15 to \$18 per ton, which is
less than half what fruit brought a
year ago.

Most of the drying yards are get-
ting the trays and tables into shape
for beginning cutting the middle or
the last of this week. Some of the
camps are cutting a little fruit today.

J. E. Taylor & Company's cannery is
going to put up a large quantity of
apricots this year, and will begin its
work tomorrow, probably with a force
of fifty girls working on that variety
of fruit. Recently the cannery has
been busy putting up marmalades of
various kinds, including orange,
grape fruit and berries.

GEORGE BIGGS

IN THE JUSTICE COURT

PAID HIS FINE AND GOES OUT OF JAIL

Cy Attencio Pleads Guilty to
Theft of Shirt From Mil-
ler's Store

Cy Attencio, who was arrested on a
charge of stealing a shirt from H. Mil-
ler's store on West Fourth street, this
morning pleaded guilty to the charge
and paid a fine of \$10. Attencio got
off with a light penalty for the reason
that the case against him was not
strong, Miller not being certain in his
identification.

May be a Felony
Cy Camacho, who was mistaken in
court Saturday for Attencio, may be
prosecuted for the stealing of a horse
and buggy that belonged to the Bibb
ranch. The rig was driven here and
put up in a stable by Camacho, who
was afterward arrested for being in-
toxicated. The rig has been claimed
by the owners.

Third Time Up
A warrant has been issued for the
arrest of Francisco Holgin on a
charge of disturbing the peace at the
corner of Second and Hathaway,
where there was a Sunday gathering
of Spanish people. This will make
Holgin's third time in jail recently
for peace disturbances.

Battery Complaint
Francisco Ortiz has sworn to a com-
plaint charging Charles McDowell
with battery. The offense is alleged to
have been committed on July 4.

Four Arrested
At the request of L. O. Meyers, pro-
prietor of the Arcade rooming-house
of West Fourth street, Officers Hamil-
ton and Ryan last night raided two
rooms of the house, and took to jail
two men, Ramon Montegano and En-
rique Hernandez, and two women,
Armenida Moreno and Marguerite
Hernandez. This morning the men
paid \$5 fines and the women were given
sixty-day suspended sentences and
promised to leave the county.

Paid Fine of \$5
In justice's court at Orange Satur-
day E. W. Craemer paid a fine of \$5
imposed by Justice Fullerton. Crae-
mer was charged with battery by a
neighbor, Danker. Danker and Crae-
mer had some trouble over chickens.

Suing Padgham
Suit has been brought by John Fair-
ley against L. H. Padgham, a Los An-
geles attorney representing the plain-
tiff. Fairley alleged that he worked
for Padgham from Feb. 18, 1910, to
Oct. 8 of that year, that of \$620 for
his services there is \$165 due. Fairley
also sues for \$18 alleged to be due
Mrs. Fairley.

BIGGS TRIAL BEGAN TO-DAY

Man Who Killed F. A. Montee
and Mrs. Montee in Court
For Murder of Montee

George Biggs is in the superior
court today on trial for the murder of
Francis A. Montee, east of Anaheim.
The selection of the jury was begun
this morning. District Attorney West
and Deputy Keopel appearing for the
plaintiff and Attorneys Clyde Bishop
and Dick Harding for the defendant.
The defendant's attorneys question
each man concerning what he has
read about the case.

Montee and Biggs lived neighbors
in the Golden State tract. They had
differences over a road. Montee was
in his wagon when Biggs shot him
with a revolver. The two men clinch-
ed. Biggs broke away, seized a shovel
or an ax and beat Montee's head into
the ground. Mrs. Montee rushing to
her fallen husband was struck down
by Biggs and died soon afterward.
The present trial is for the murder
of Montee.

Names Two Deputies
J. H. Brunsworth, candidate for the
Democratic nomination for supervisor
in the Third district, has named H.
J. Westerman and A. V. Vail as ver-
ification deputies.

JUDGE HANFORD PROBE NOT TO END BEFORE TOMORROW

SEATTLE, July 8.—The Congres-
sional sub-committee investigating
impeachment charges against Federal
Judge Hanford began the seventh
day's probe of the drunkenness com-
plaint lodged against him. The com-
mittee does not expect to conclude
probing this charge before tomorrow.
Sensational testimony is rumored
as likely to come from John H. Perry,
the Seattle attorney who joined Con-
gressman Berger in filing the impeach-
ment charges.

CLAUDE GRAHAME-WHITE TAKES BRIDE ON AIR-RIDE

LONDON, July 8.—Returning yester-
day from his honeymoon, Claude
Graham-White made a flight in his
aeroplane at Folkestone. Several
thousand Belgians who had crossed
the channel for the day's sport, cheer-
ed the aviator enthusiastically. At
the close of the day Graham-White
started for London in his aeroplane,
taking his bride as a passenger.
Aviator Verrier made the flight
from Hendon to Brighton in one hour
and eight minutes.

LIMOGES WOULD HAVE AGREEMENT CONTINUED

WASHINGTON, July 8.—Jules Jus-
serand, the French Ambassador, has
presented to Secretary MacVegh a
protest from the Limoges Chamber of
Commerce against the termination of
the agreement between that body and
the United States, which for many
years has regulated the appraisement
of china and pottery importations from
the Limoges district of France.
The Treasury Department will de-
cide within a few weeks whether the
agreement shall be abrogated on Sep-
tember 1, as had been planned.

N. E. A. PROGRESSIVE WAR IS ON IN DEADLY EARNEST

CHICAGO, July 8.—The entrance
of E. E. Fairchild of Kansas, into the
presidential race in the National
Educational Association as a progres-
sive candidate forecasts a bitter con-
test, according to a majority of the
delegates' opinions.
Fairchild's candidacy was launched
after an all-night session of fifty pro-
gressives. His opponent will be Miss
Grace Strachan, president of the In-
terborough Teachers' Association of
New York. Both candidates are pro-
gressive, Miss Strachan being the
"harmony candidate" of the less rad-
ical element.

VENICE SCHOOL BONDS

Will Call Special Election for Voting
\$92,000 Bond Issue for School
Purposes

VENICE, July 8.—At the meeting
of the Venice grammar school board,
held last evening, it was decided to
call a special election August 8 to de-
cide whether or not a bond issue of
\$92,000 shall be floated to build and
equip additional grammar schools.

The Perfection in Household Con- veniences Has Never Been More Strongly Exemplified Than in Macey Sectional Book Cases And Hoosier Kitchen Cabinets

In the construction of these articles the highest grade materials and most splendid craftsmanship are combined.
We have the exclusive sale of these articles in Santa Ana and vicinity.

BUT IMITATORS CAN'T COMPETE

THE HOOSIER SPECIAL.
SAVES MILES OF STEPS
FOR TIRED FEET

Hoosier Kitchen Cabinets are made to last a life-time—
and to save a few thousand steps and two hours time,
every day.

Particular people use them—they cost no more.

TAKES THE PLACE OF PANTRY AND KITCH- EN TABLE

A Hoosier Cabinet takes the place of both pantry
and kitchen table. Its large cupboards, its commodious
drawers and bins, hold everything a pantry will. It is
absolutely mouse and dust proof and its costs far less
than the built-in pantry. Besides, it can be moved to
the most convenient place or into the best light. It is in
reality a complete portable pantry.

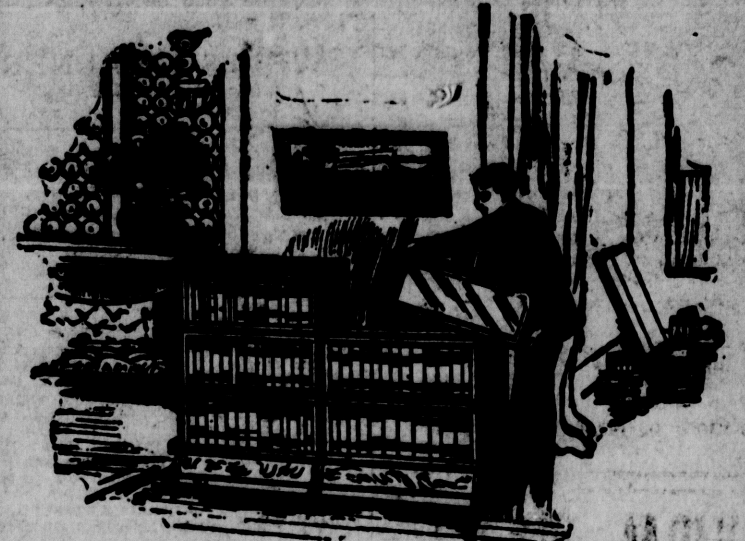

They have been successfully used for years by archi-
tects and builders in place of the old-fashioned built-in
pantry (a separate room for keeping supplies needed in
the kitchen). Every person who builds a house should
see that the architect leaves a place in the kitchen for a
Hoosier Kitchen Cabinet.

It saves money and space and adds a vast amount
to the convenience of the kitchen.

Horton-Spurgeon Furniture Co.

NEW MACEY BOOK CABINET RADIATES TASTE AND BEAUTY IN MY HOME

In furniture art, as in painting, literature and music, there were
great masters.

Painting had its Michael Angelo—furniture its Chippendale.
Literature had its Shakespeare—furniture its Sheraton.
Music had its Mozart—furniture its Sheraton.
Chippendale, who lived in the 17th century, designed furniture of
such beauty and exquisite taste that the whole world has copied it
for three centuries.

Fra Junipero, a great nature, bold and rugged, originated the
clean-cut arts-and-crafts furniture. He loved honest strength and
made his furniture show its solid joints and honest workmanship.
Sheraton, on the contrary, had a nature full of symmetry, bal-
ance, harmony. He could not tell us about it on canvas or on paper.
He could tell us of his fine, sensitive personality only by shaping it
in mahogany.

Therefore, when you have Sheraton, Chippendale or Arts-and-
Crafts furniture in your home, you have furniture that is constantly
telling you of taste and beauty. It is almost the same as associat-
ing with the great masters themselves.

That's why we say: "To set before your children a Macey Book
Cabinet of old master design is to set before them an example of
such good taste that they will feel its refining influence throughout
all the days of their lives."

Macey Book Cabinets are sectional, but they are the only sectional
bookcases that can be added to upwards or sideways and still look
not like sectional bookcases but like heirloom furniture.

If you really wish to put into your home a piece of furniture that
will always radiate beauty and refining influence, examine a Macey
Old Master Book Cabinet today.

**RE-ORGANIZE
WILSON CLUB**

Meeting to Promote Interests
of Democratic Nominee Call-
ed For Wednesday Night

The Santa Ana Woodrow Wilson
Club, which conducted the local pri-
mary campaign in the interest of the
New Jersey man, will meet Wednes-
day evening at its new quarters in
the Hervey-Finley block, at Fourth
and Bush streets, and take steps to-
ward reorganizing with a view to
conducting a vigorous fight for the
November election.

The club, it is announced, will in
no sense be a party organization,
and the promoters have invited all
voters who are interested in the elec-
tion of Wilson to attend the meeting
Wednesday evening and become
members. In view of the larger
scope which the club will take on fol-
lowing the nomination it was thought
wise to effect a reorganization on a
larger scale. Colonel S. H. Finley
tendered the club the use of a hand-
some suite of rooms in the building
named, and this has been accepted.

George Balderston was president
of the primary campaign club and B.
E. Tarver secretary.

BOON TO STOCK-RAISERS

Scientist Claims Discovery of Serum
To Prevent Foot and Mouth
Disease

BERLIN, July 8.—Prof. William
Grugel of the Agricultural and Hy-
giene Department of the University
of Rostock, states that he has not
only located the bacillus which
causes foot and mouth disease, but
that he has also discovered a serum
making cattle immune.

The serum is not curative, but pre-
ventive. It can therefore be admin-
istered to healthy animals.

PROHIBITION CLUB MEETING OFF UNTIL NEXT FRIDAY EVENING

The regular meeting of the Prohibi-
tion Club will be postponed from this
evening until next Friday evening.
The meeting will be held as before
in the Immanuel Baptist church. An
interesting program will be given at
that time.

All Beta Off
There is a certain New York celeb-
rity noted for three things—his size,
which is tremendous; his apparel,
which is dazzling; and his appetite,
which beggars description.

On a certain morning he went into
a swaggar Fifth avenue restaurant
and ordered, among other things,
a double portion of ham and eggs, some
country sausage, mush and milk
corned-beef hash and buckwheat
cakes with maple syrup.

All these things were brought to
him at once. He put them all on one
enormous platter and proceeded to
slice everything up together. Two
women watched him in horror from
the next table.

"My dear," said one, "that is the
most appalling thing I ever witness-
ed! I'll wager a box of candy he
eats that mush with his knife."

"I'll take the bet," said the other.
"He is dressed like a gentleman and
despite his barbaric taste in food, I
wager he'll eat it with a fork."

They both lost. He ate it with a
spoon.—Saturday Evening Post.

It is Some "Dry."
A reader who is visiting down in
Georgia sends the following clipping
from a paper in the town of Alta.

"It is so dry here that wagons are
going around with their tongues out.
Ice has to be soaked in water all night
before it is wet enough to make lom-
onade. The catfish kick up such a
dust in the bed of the river that the
river has to be sprinkled before you
can go fishing. A spark from an en-
gine set fire to a pond and burned up
a lot of bullfrogs before the fire could
be extinguished, and the ground is so
dry and hard that crawfish holes in
low places are being pulled up and
used for gas pipes."
